

SHUSHRUSHA CITIZENS' CO-OPERATIVE HOSPITAL LIMITED

15.07.2020

To,

All Shareholders and Citizens' and well-wishers of Shushrusha
Citizens' Co-operative Hospital Limited.

We are happy to announce that after a brief period of closure, our hospital has started its activities again and it is now fully functional.

All investigation departments are working namely Imaging, Pathology, Blood Bank, ECG, EEG, Dialysis, Physiotherapy, Cathlab, Operation Theater, Day Care.

Admissions are open for treatment of patients.

We have started OPD consultation with prior appointments.

We have started home visits for pathology collection.

We have the unique advantage of having our second facility at Vikhroli, which is dedicated exclusively for the treatment of Covid patients, thus allowing us to maintain Dadar as a covid free hospital.
